

***"A great resource to support the assessment
of new National Qualifications"***

The best papers for your NQs

We've taken the Advanced Higher, Higher and National 5 papers and carried out a detailed analysis. This has allowed us to create brand new assessments for these courses which are an exact match to the course coverage and question types found in the recent examination papers.

Computing Science

To give you flexibility when preparing for national assessments, we've created two papers for Higher and the new National 5 Computing Science.

National 5 - New Specification

We've got the new 2-hour, 110 mark paper covered for National 5. We've written TWO papers so that you've got the resources you need to start this new course.

And we are providing a paper for the new Advanced Higher Computing Science using the expertise of unit and assessment writers.

Bundles are back!

We've brought back bundles of papers so that you can get the papers you need at a special discounted price.

Papers you can edit!

You can order a PDF document or a Microsoft Word document that you can edit and change. Every school/college is different so having the flexibility to make changes to meet the needs of your learners is great.

Our unique table based layout means that you can select and edit portions of the paper without affecting the presentation of the rest of the paper.

Download your papers

As always, our online store is available so that you can get your papers with the minimum of fuss. Just place your order and use your download code to securely access your files.
